Izložba Re:REFERENDUM se događa u vremenu u kojem se sloboda pojedinca ograničava raznim cenzorskim zakonima (ACTA, SOPA), u ekonomski kriznim vremenima, u vremenu u kojem paradigma neoliberalizma da nema alternative ima sve više rupa u svom tijelu. Odabrani umjetnici detektiraju u svojim rado-vima to veliko tijelo, tijelo kapitala, tijelo institucije, tijelo zakona, kroz fokusiranje na različite alternative, te kreiraju nove politike tijela, novog odnosa prema temeljnim ugovorima našeg društva, nove utopije, nove himne, nove feminisme, nove medije. To novo su objektili vraćeni nazad u društvo, to je Re: koje postavlja zahtjeve ispred sebe samog, perpetuirajući se javnim, društvenim angažiranim temama te proizvodeći efekt bumeranga, izlazeći vidjeti Platonovo sunce puno logotipova, paragrafa, aneksa, ugovora, dividendi.

Izložba Re: REFERENDUM je vožnja na liniji TINA - TIA u kojoj se propituje fragilna granica prelaženja, prevazilaženja automatizma, subverzije kao poruke između redaka i subverzije kao direktnе akcije. 25 umjetnika, 25 mogućih linija. Iako djeluju u različitim medijima, zajednička nit koja povezuje radove jest njihova transgresija u javno i stav POLITIČKO JE OSOBNO. Strategije koje umjetnici koriste su interakcijske, integracijske linije mogućih alternativa. Ja sam tu i tumačim ti Lisabonski ugovor. Ja sam tu (na videou) i želim se igrati. Ja sam tu i ja sam praćka. Ja (ni)sam pornografija. Ja sam tu i ja sam EU miss. Ja sam tu i mi smo sitniš. Ja sam tu i mi smo svijeće. Ja sam tu i mi smo zvuk protesta. # *THERE IS ALTERNATIVE!*

Exhibition Re: REFERENDUM takes place in the times that limit an individual's freedom with various censorship laws (ACTA, SOPA), times of economic crises, in which the neoliberal paradigm of having no alternative – is becoming increasingly deflated. The selected artists detect this large deflating body in their artwork, the body of capital, the body of the institution, the body of law, in focusing on various alternatives. They create new body politics, a new relation and attitude toward the basic contracts of our society, new utopias, new hymns, new feminisms, new media. This newness comes in form of missiles returned to society, this is a Re: that makes demands of itself, perpetuating itself through public, socially engaging topics thus creating the boomerang effect, it exits the cave to set its eyes upon Plato's sun filled with logotypes, paragraphs, annexes, contracts, dividends.

Exhibition Re: REFERENDUM is a ride on the line between TINA and TIA which serves to question the fragile border of crossing, overcoming automatisms, subversion as a message between the lines and subversion as a direct action. Twenty five possible lines by twenty five artists who, even though they work in different media, have a common thread in their works which is their transgression into the public and the attitude that THE POLITICAL IS PERSONAL. Strategies employed by these artists are interactive, integrational lines of possible alternatives. I am here to interpret the Lisbon Treaty for you. I am here (in video) and I would like to play. I am here and I am a sling. I am (not) pornography. I am here and I am miss EU. I am here and we are spare change. I am here and we are candles. I am here and we are the sound of demonstrations. I am here and I am putting up a poster on the wall. I am here and I am sending e-mails about blackmail. I am here and I am a naked doll in front of a shop-window. I am here and I am an interactive interface. I am here and I was memory. I am here and I am an exhausted history. I am here and I am untitled. I am here and I am a sound bomb. I am here and I am a failed planet. I am here and I do it wrong. I am here and I am measuring the degree of resistance. I am the interruption of broadcasting. I am a bird, I am a cage. I am a flag. I am electro. I am reading the second page of the catalogue. ## SOUVENIR

VIDEO, 4' 59", 2010

*Souvenir* (drugi naziv za "sjećanje") sniman je u New Yorku i razmatra događanja jedanaestog rujna (9/11) mozaik/kolaž informacija u kojem su sjećanja grada prezentirana kroz sinhroniju vremena. Dubljim uvidom/pomnim analizom nazire se želja za lokalno – globalnim pristupom: pretvaranje vrlo određenog mesta ili situacije u nešto razumljivo (i prepoznatljivo) svakome u bilo kojoj situaciji. To su događaji koji utječu na svih nas.

Recorded in N.Y.C., *Souvenir* (another name for “memory”) investigates September 11 through a mosaic of information where urban memories are presented in lapses of time. A closer look would find a desire to pursue a local global approach: getting something that is very specific from a place or situation and creating out from it something that could be understood (or be recognizable) to anyone anywhere. Talking about things that somehow affect us all.

## RESISTANCE OPTIONS

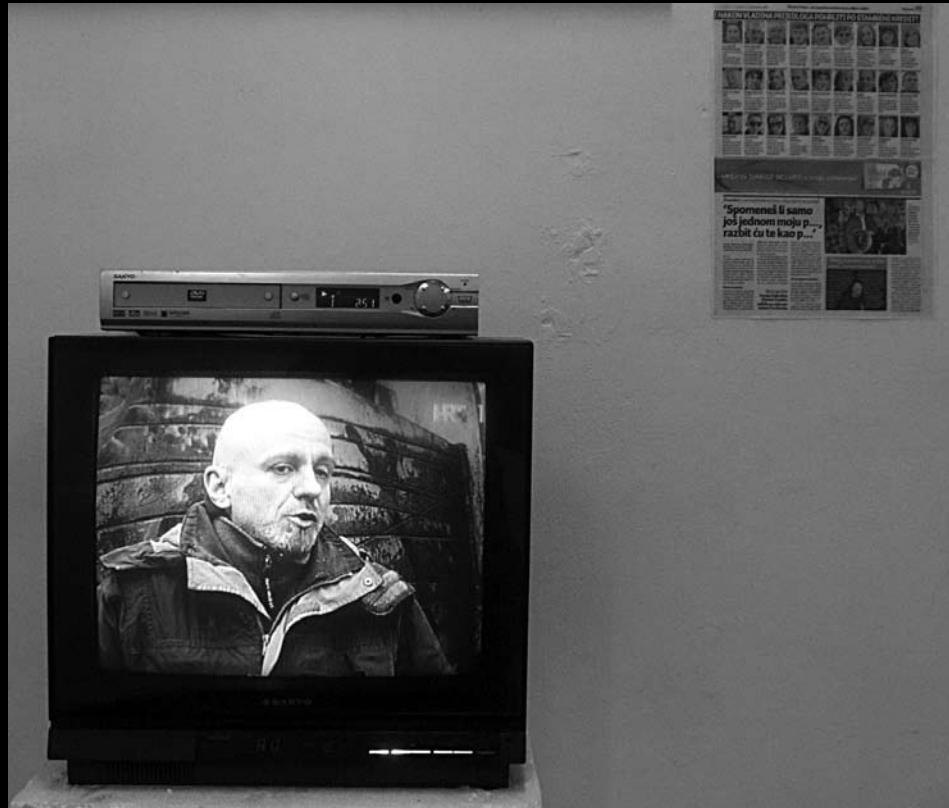

2011

Rad *Mogućnosti otpora* sastoji se od printa stranice novina "Jutarnji list" i snimke priloga iz tv emisije "Pola ure kulture". Na stranici je prvi tiskani novinarski prilog o svadi između mene i žene sisačkog gradonačelnika. Optužio sam je preko facebooka za dobivanje položaja i gradskih novaca putem bračnog odnosa sa sisačkim gradonačelnikom. Ubrizo se je razvila polemika putem medija, a vrhunac je bio prilog u «Pola ure kulture» koji je do tada najjasnije otkrio širem hrvatskom auditoriju korupciju u sisačkoj kulturnoj politici. Naravno, kao ni do tada, nisu uslijedile nikakve istrage ni kazneno gonjenje korumpiranih političara od strane hrvatskog pravosuda, ali je ugled gradonačelnika poljuljan znatnije nego ikad do tada.

The work consists of print page of the newspaper "Jutarnji list" and footage from the TV show "Half an hour of culture." This page is the first newspaper printed article about a dispute between me and a wife of mayor of Sisak. I blamed her on Facebook for getting the position and the city money through marital relations with the mayor of Sisak. Soon a controversy in the media developed, and the peak was in the show "Half an hour of culture", where corruption was then in cultural policy in Sisak clearly revealed to the wider audience. Of course, nor till then, have not followed any investigation or prosecution of corrupt politicians by Croatian authorities, but the mayor's reputation significantly compromised than ever before.

Vjerujemo i nadamo se da tim izborom izabiremo bolju opciju i mogućnosti koje nam se otvaraju, ne misleći i ne obraćajući pažnju pri tome na negativnosti i nedostatke već ne-promišljeno površinski sagledavamo pozitivne prednosti koje nam se prikazuju onako kako žele da ih vidimo i nude kao jedini izbor, ne sluteći da taj izbor može biti pogrešan koliko god mislili da ispravno postupamo.

Either we like it or not, the choices (intimate and social) directly touch the co-existence and the future of our community. We believe and hope that this choice gives us better options and opportunities, not paying attention to the negative sides of our choices, we only observe the positive benefits that are showed to us the way they want us to see them and are offered to us as the only choice, therefore we don't see or know that this choice may be wrong as far as we believe that we are doing the right thing.

PERFORMANCE, 10', 2012

Za performans *Himna* uzeli su Ursonatu Kurta Schwittersa kao potencijalnu himnu EU. Odjeveni u majice s istim logom, ali različitim boja čitaju Ursonatu paralelno, ali različite dijelove. Rad ne reflektira DA ili NE. Njihova poruka je: SVI SMO ISTI, ALI SMO SVI RAZLIČITI. To se ne odnosi nužno na EU, nego i na najmanje zajednice, kakva je bračna, kao i na najveće, kakva je opća globalizacija i ujedinjenje svih država u svijetu.

For the performance *Anthem* they take the Ursonate by Kurt Schwitters as a potential EU anthem. Dressed in T-shirts with the same logo, but different colors they read the Ursonate parallel, but different parts. The work does not reflect YES or NO to the EU. They want to say: WE ARE ALL THE SAME, BUT WE ARE ALL DIFFERENT. This is not necessarily related to the EU, but also to the smallest communities like marriage, as well as to the biggest ones, like general globalization and unification of all countries in the world.

*EUpionir\_RETURN* is a concert / performance that takes the context of electro music to reveal the contemporary phenomena such as the role of Germany within the EU monetary system, or the position of Croats in the same, or the new social unrest (which are expected in the EU and the world if these policies towards citizens continue). This performance textualize this phenomena and turns it into bits, the rhythms, the riffs, onto the echo of consciousness that is aware that it still has to dance on.

*Der Fernseher* propituje identitet naroda, plemena, nomada i mogućnosti svijeta bez granica u odnosu na ustaljene forme nacionalnih država spojenih u formu ujedinjenih država Europe kao nadolazeće paradigmе. Ove se podjele suko-bljavaju unutar same predodbe svijeta i njegovih granica. S jedne strane Schengenska podjela pri ulazu u Uniju i odnos prema emigrantima, a s druge strane prostranstvo Euroazijske ploče. Namjera je performansom i instalacijom pokazati da je sama ideja o Uniji posljedica nacionalnih budenja gradanskog društva XVIII i XIX stoljeća i njihova realizacija u prijelazu XX na XXI stoljeće.

*Der Fernseher* reexamines the identity of nations, tribes, nomads and possibilities of the world without limit in relation to established forms of nation-states merged into form the United States of Europe as the upcoming paradigm. These divisions clash within the very idea of the world and its borders. On the one side Schengen division at the entrance to the Union and the attitude towards immigrants and on the other side vastness of the Eurasian plate. The intention of the performances and installations is to show that the very idea of the Union is the consequence of national awakenings of civil society of the 18th and 19th Centuries and their realization in the turn of 20th to the 21st Century.

2 CHANNEL VIDEO INSTALLATION, 3' 30", 2011

As an artist, curator, and academic, Raul Gschrey looks into socially and politically relevant topics in a multifaceted way. He is also working in the educational field, among others at universities and youth-media-centres. In the past years he has examined the phenomenon of visual surveillance and explored artistic subversions. His recent project 'grenzlinien/borderlines' expands this focus on border-crossing and irregular migration in a European context.

Kao umjetnik, kustos i intelektualac koji predajeradi kao predavač na sveučilištima imedijsim centrima za mlade, Raul Gschrey analizira društveno i političko relevantne teme na raznovrstan način. Pojedan interes mu je istraživanje fenomena vizualnog nadzora i umjetničke subverzije. U svom novijem projektu 'grenzlinien/borderlines' proširio je pojam interesa na prelaženje granice i ilegale migracije u europskom kontekstu.

Nautička signalna zastava *Oskar* koja označava "čovjeka koji pada s broda u more", podignuta je u svečanom tonu uz zvuke trube koja svira europsku državnu himnu. Performans se može protumačiti kao molba da se ne zatvaraju oči pred velikim brojem emigranata koji nastradaju prilikom pokušaja prelaska granične Europe. Istovremeno se propituje ritual/čin podizanja zastava, koji ima za svrhu potpirivanje nacionalističkih osjećaja.

The nautical signal flag *Oskar*, signifying “man overboard”, is hoisted in a ceremonial way accompanied by music. The trumpet plays the European national hymn. The performance can be understood as a call not to close one’s eyes to the many casualties during attempts to cross the borders to Europe. At the same time, the ritual of elevating flags, a form of encouraging nationalism, is called into question.

## ENTREPRENEUR

VIDEO PERFORMANCE, 12', 2009

Francis Hunger je rođen 1976. u Dessau-u, a živi i radi u Leipzigu, gdje je ujedno završio diplomski (2003.) i poslijediplomski studij (2007.) na Akademiji vizualnih umjetnosti.

Francis Hunger (\*1976, Dessau) lives and works in Leipzig, Germany. He received his diploma (2003) and post-graduate degree (2007) from the Academy of Visual Arts, Leipzig.

Video performans prikazuje umjetnika u odjelu koji stoji na izlazu autoceste, drži veliki drveni natpis na kojem crvenom bojom piše "Kapitalizam mora pobijediti". Poduzetnik se doima absurdno i patetično u svojoj afirmaciji kapitalizma, koja je očito uzaludna.

Rođen u DDR-u, umjetnik ovim radom aludira na slične drvene ploče kojih se prisjeća iz djetinjstva, koje su slavile pobjedu socijalizma i služile su za mobilizaciju proleterskih masa. Pozdrav za mlađe pionire u DDR-u bio je "Za mir i socijalizam, budite spremni", na što su oni odgovarali "uvijek spremni". To "uvijek spremni" odjekuje u ovom zahtjevu poduzetnika – sada primjenjen na kapitalističke i post Fordovske uvjete homo economicusa.

The video performance shows the artist in a suit standing on a highway ramp, holding a large wooden sign that states red on pink "Capitalism must-win". The Entrepreneur appears absurd and pathetic in his continuing affirmation of capitalism, which is apparently futile.

Born in the GDR the artist alludes with the wooden sign on similar plates from his childhood, which heralded the victory of socialism and should serve to mobilize the proletarian masses. The greeting of the young pioneers in the GDR was "For peace and socialism, be ready," and was answered by "always ready". This "always ready" resonates in the demand of the entrepreneur – now applied to the capitalist and post-Fordist conditions of the homo economicus.

Ovo je APEL donositeljima odluka i zakona o kulturi u svijetu. Apel napravljen u maniri apela za pomoć žrtvama agresije i nasilja, apel koji govori o tome kakvo je stanje u produkciji kulture i umjetnosti u Hrvatskoj i svijetu danas, kada nas svake godine dočeka novi šok, od gašenja Ministarstava kulture do budžeta srezanih do srušnih iznosa s kojima se nijedan ozbiljan kulturni i/ili umjetnički projekt ne može provesti u djelu. Apel za spas dostojanstva. Ovaj apel će u vidu razglednica biti poslat na adrese svih koji donose odluke o kulturi i umjetnosti u Hrvatskoj i EU. Podržite ovaj apel potpisujući peticiju na <http://www.change.org/petitions/cultural-workers-people-stop-the-violence-against-cultural-workers-world-wide-save-our-dignity>

This is an CALL to law and decision makers on culture in the world. Call made in the manner of calls to help victims of aggression and violence, that urges to talk about what the situation in the production of arts and culture in Croatia and the world today is, where every year we have a new shock, from cancelation of Ministries of Culture to the budget cuts to tiny amounts with which no serious cultural and / or art project can be put up. Call to save the dignity of cultural workers. This appeal will be sent in the form of postcard to the addresses of all who make decisions about the culture and art in Croatia and the EU. Pojedinac ili odredena zajednica postaju izraz te društvene konfiguracije.

By questioning one's own identity inside of the social totality, an individual's expressions and various roles are compared to the social and political configuration and this represents a shift from interpretation to social and political analysis. An individual or a specific community thus become an expression of this social configuration.

Ako na tvrdnju žele odgovoriti sa DA zapale jednu svijeću, ako je odgovor NE zagase jednu svijeću. Tako je broj upaljenih, odnosno ugasenih svijeća pokazatelj rezultata referenduma.*

The work titled *If Yes* consists of a box with candles which the visitors use to express their attitude towards the statement on the box cover. If they want to reply YES to the statement they have to light a candle, if the answer is NO they put a candle out. Thus the number of lit, that is, the number of put out candles is an indicator of the referendum result.

## MEASURING THE LEVEL OF RESISTANCE

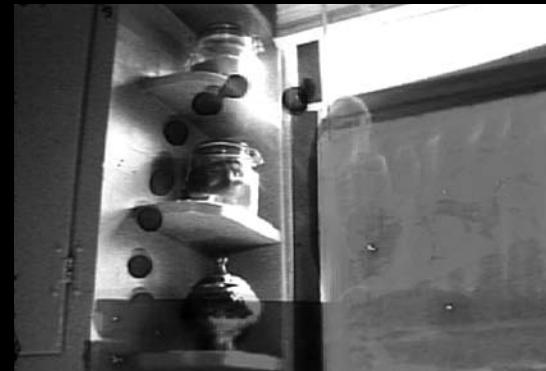

HAND PAINTED 16 MM FILM, 4' 18", 2011

U ovom se radu Tara bavi idejom otpora kao svakodnevne aktivnosti, pritom koristeći tri najučestalije namirnice srednjeg građanskog sloja u Iranu: rižu, jaja i krastavce. U prvoj sceni ruke obojane crnom bojom, koja simbolizira krivnju, ubacuju lutku koja čuva svjetlo u kipuću vodu u kojoj se skuha. U posljednjoj sceni sačuvani/ konzervirani krastavac/lutak simbolizira nadu u promjenu.

Duboko uvjerena da je zabilježavanje trenutaka otpora važan korak ka izgradnji alternativne povijesti, ova umjetnica kroz svoje rade prikazuje prožimanje intimnih pripovijesti i kolektivne borbe, i koristi stop motion animaciju i rukom bojani film kako bi zaigranošću pružila otpot brutalnoj političkoj stvarnosti.

In this piece Tara explores the idea of resistance as the every day life activity, using three of the Iranians middle class's daily meals; rice, eggs and pickles. The puppet who is the preserver of light in the first scene gets boiled and cooked with the hands that are painted black as a metaphor for guilt. In the last scene a hope for change/alternate is expressed with the preserved pickled puppet. Believing that recording the moments of resistance is an important step in building an alternate history, she creates works about the intersection of personal narratives and collective struggles, and uses stop motion animation and hand-painted films to resist brutal political reality with playfulness.

## WITH LOVE FROM A FAIL- ED PLANET

NET ART / INTERACTIVE PROSE POETRY, 2011

Jednostavno rečeno, Digitalna poezija je kombinacija tehnologije i poezije, u kojem pjesnici koriste sve multimedijalne elemente kao kritičke tekstove. Zvuci, slike, pokret, video, interface/interaktivnost i riječi kombiniraju se kako bi se stvorile nove pjesničke forme i iskustva. Interaktivni logoizirani svijet nastanjen sa 45 začudnih i fantastičnih priča o društvenom/kulturnom neuspjehu utjecajnih net portala, velikim lancima brze prehrane, novinama, avionskim prijevoznicima, proizvođačima i drugim začudnim pojavama. Ovaj se rad bavi posrnućem onih korporacija i mrežno-utemeljenih institucija koje pokušavaju dominirati našim kulturnim, političkim i ekonomskim krajolicima/društvenim oblicima. Oni stvaraju navike i naputke i vlade i zavode potrošače slikama posve neodrživog načina života.

In the simplest terms Digital Poems are born from the combination of technology and poetry, with writers using all multi-media elements as critical texts. Sounds, images, movement, video, interface/interactivity and words are combined to create new poetic forms and experiences. A interactive logoed world populated with 45 strange and fantastical stories of the societal/cultural failure of influential net portals, fast food giants, newspapers, airlines, manufacturers and other oddities. This work explores the demise of those corporations and net-based institutions that attempt to dominate our cultural, political and economic land/socioscapes. They drive the habits and directives and governments and lure consumers into entirely unsustainable lifestyles.

The Hedron Super Collider's most awe inducing and yet tragic discovery was a the weightless particle. Only a small amount of the substance was needed to lift many tons, and the industrial uses seemed limitless. However, because of stability and ratio problems, most industries were too skittish for early adoption. To elevate fears, the US President planned a demonstration on the WhiteHouse lawn. He and his staff were killed when the wrong ratio sent half the building into space.

Sloboda se odnosi u općenitom smislu na tvrdnju biti "slobodan" (neograničen, nezarobljen). Sloboda je često bila uzrok revolucijama. Biblija govori o tome da je Mojsije izbavio narod iz ropstva i odveo ga u Slobodu. U čuvenom govoru Martina Luthera Kinga "I Have a Dream", citirao je staru duhovnu pjesmu pjevanu od crnih američkih robova: Napokon slobodni! Napokon slobodni! Hvala Bogu Svevišnjem napokon smo slobodni! Nakon četveromjesečnog boravka u ljudskim institucijama, ptica upoznaje istinsku slobodu i mjesto svog pravog prirodnog staništa.

Freedom refers in a general sense to claim to be "free" (unrestricted, nezarobljen). Freedom has often been the cause of revolutions. Bible stated that Moses delivered the people from slavery and brought them to freedom. In the famous speech of Martin Luther King's "I Have A Dream", he quoted an old spiritual song sung by the black American slaves: Finally Free! Finally Free! Thank God Almighty we are free at last! After a four month stay in people's institutions, the bird meets the true freedom and trueplace of its natural habitat.

*Integracije / Tko će se igrati?* je trokanalna video instalacija (2005.) koja uvodi lik koji intuitivno možemo odrediti kao klauna. He represents the ironic awareness and so the fatefulness of Croatia's (or any other country's) accession to EU will be presented as a game.
